# SURE POWER

## TRUCK & MACHINE WASH

Sure Power is a highly effective cleaning solution formulated specifically for washing trucks, heavy machinery, and industrial equipment. It delivers excellent cleaning performance by breaking down grease, oils, dirt, and other contaminants while being gentle on surfaces. The product is designed for high-performance cleaning in commercial and industrial settings, ensuring a thorough and efficient wash.

**Powerful Cleaning Action:** Contains a blend of powerful surfactants for superior removal of tough grease and grime from trucks and machinery.

**Citrus Fragrance:** Provides a fresh citrus scent during and after the cleaning process.

**Effective Cleaning:** Mildly alkaline product for effective cleaning. Gentle on equipment and the user.

**Biodegradable:** Formulated with environmentally responsible ingredients to reduce environmental impact.

### Environmentally Safe

Sure Power is formulated with biodegradable surfactants and is solvent-free, which are positive environmental attributes.

### Cleaning Efficacy

Sure Power is a highly effective truck and vehicle wash, using a strong surfactant system in the formulation. Sure Powers ingredients are known for their ability to remove tough grease and dirt, making the product highly effective for heavy-duty cleaning. It is designed to handle industrial applications with excellent cleaning power.

### Personal Safety

Sure Power can cause serious eye damage and skin irritation, and requires protective gear including gloves and eye protection. While not excessively hazardous with proper handling, it does require caution when used.

### Transport Safety

Sure Power is not classified as dangerous goods for road, rail, sea, or air transport. This makes it very safe to transport under normal conditions without the need for special handling procedures, providing logistical convenience.

### PACK SIZES:

## TRUCK & MACHINE WASH

### DIRECTIONS FOR USE:

Note: Always perform a spot test on an inconspicuous area before full application, especially for sensitive surfaces. Use appropriate personal protective equipment (PPE) such as gloves and eye protection when handling concentrated solutions.

#### Specific Applications:

##### 1. Heavy Vehicle Cleaning:

- Dilution Rate: Use undiluted or 1:5 (1 part Sure Power to 5 parts water) for heavy-duty cleaning.
- Cleaning Instructions:
  - a. Dilute Sure Power in a bucket or sprayer if using a 1:5 ratio.
  - b. Apply the solution directly to the vehicle using a pressure washer, brush, or mop.
  - c. Allow the solution to sit for a few minutes to penetrate dirt, grease, and grime.
  - d. Scrub the surfaces with a stiff brush or a pressure washer to remove heavy deposits.
  - e. Rinse thoroughly with clean water to remove all residue.

##### 2. Light Vehicle & Fleet Cleaning:

- Dilution Rate: 1:10 (1 part Sure Power to 10 parts water) for regular cleaning of light vehicles and fleets.
- Cleaning Instructions:
  - a. Prepare the cleaning solution by diluting Sure Power in water at the recommended ratio.
  - b. Apply the solution to the vehicle exterior with a sprayer or sponge.
  - c. Let the solution sit for a few minutes to loosen dirt and grime.
  - d. Use a soft brush or cloth to gently scrub the surface.
  - e. Rinse thoroughly with a hose or pressure washer.

##### 3. Vehicle Interior Cleaning:

- Dilution Rate: 1:20 (1 part Sure Power to 20 parts water) for interior surfaces like dashboards, plastic, and upholstery.
- Cleaning Instructions:
  - a. Dilute Sure Power in a spray bottle with water.
  - b. Spray the solution lightly onto the interior surfaces such as seats, dashboards, and door panels.
  - c. Wipe the surfaces clean using a soft microfiber cloth or sponge.
  - d. For fabric upholstery, lightly mist and scrub gently with a soft brush, then wipe away the residue with a cloth.
  - e. Ensure all areas are wiped dry after cleaning.

##### 4. General Cleaning:

- Dilution Rate: 1:50 (1 part Sure Power to 50 parts water) for general surface cleaning.
- Cleaning Instructions:
  - a. Dilute the product in a bucket or spray bottle with the appropriate ratio.
  - b. Apply the solution to surfaces such as floors, walls, and equipment using a mop, sponge, or sprayer.
  - c. Scrub the surface with a cloth, mop, or brush to remove dirt and grime.
  - d. Rinse thoroughly with clean water, or wipe down with a damp cloth to remove any residue.

### Safe Handling & Storage Instructions

#### Safety Information:

Sure Power is classified with the following hazards:

- Skin Corrosion/Irritation: Category 2
- Serious Eye Damage / Eye Irritation: Category 1

Appropriate personal protective equipment (PPE), including gloves and eye protection, should be used when handling this product.

#### Packaging:

Sure Power is available in multiple packaging options suitable for both small-scale and large-scale operations. Consult the Safety Data Sheet (SDS) for storage and handling guidelines.

### Our Story

Surekleen is an Aboriginal Owned Cleaning Chemical Manufacturer based in Malaga, Western Australia.

As an Aboriginal Business, our mission is to lead with passion & respect, the empowerment and growth of Indigenous People & Business' through the manufacturing of Australia's most innovative & highest quality products.

Your support in purchasing this product is directly, positively impacting Aboriginal people across Australia as we share a percentage of our sales with our traditional land owner partners or organisations that support initiatives in remote Indigenous communities.

Thankyou for your support and for helping us make a positive impact!
