

Sure Power Degreaser

The Ultimate Solution for Industrial Cleaning

High-Concentrate
Formula

Non-Alkaline and
Solvent-Free

Eco-Friendly
Formula

Powerful
Cleaning Action

Powerful Cleaning, Planet-Friendly Results

Sure Power Degreaser is a high-performance, water-based degreaser designed for industries that demand efficient, eco-friendly cleaning solutions. From **mining** and **construction** to **automotive workshops**, Sure Power Degreaser tackles the toughest grease and grime while protecting your equipment and the environment.

NON-ALKALINE AND SOLVENT-FREE

Safe for surfaces and equipment,
providing powerful cleaning without
harsh chemicals.

Why Choose Sure Power Degreaser?

Adjustable Dilution for Tailored Use

From heavy cleaning to light maintenance, Sure Power offers flexible dilution ratios, making it adaptable to a variety of cleaning needs.

Eco-Friendly Composition

Fully biodegradable and phosphate-free, Sure Power is environmentally responsible, ensuring compliance with modern sustainability standards.

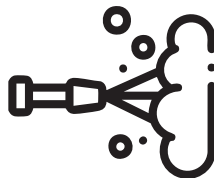

Cost-Effective Solution

Highly concentrated formula reduces the amount of product needed, saving costs on cleaning supplies without compromising on results.

Non-Alkaline and Solvent-Free

Designed with a gentle yet effective formula that is safe for surfaces, avoiding the potential damage associated with alkaline or solvent-based degreasers.

Powerful Cleaning Action

Blended with high-foaming, grease-loving surfactants and emulsifiers to effectively break down dirt, grease, and grime on motor vehicles, machinery, and equipment.

Water-Based and Versatile

A water-based degreasing detergent that works equally well for hand or machine washing, suitable for trucks, cars, buses, and farm machinery.

How Sure Power Outperforms the Competition

Superior Cleaning Power

Unlike solvent-based degreasers that can damage surfaces, Sure Power's water-based formula provides powerful yet safe cleaning.

Environmental Leadership

While many degreasers emit VOCs or contain harsh chemicals, Sure Power is biodegradable and solvent-free, promoting eco-friendly practices.

User Safety

Designed with a mildly alkaline formula, Sure Power Degreaser is safer for users when handled with appropriate PPE.

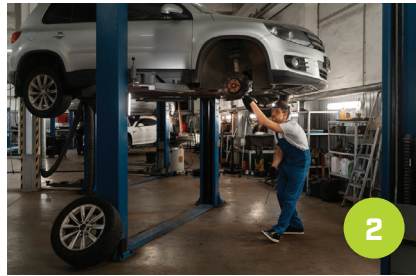

How Sure Power Supports Your Industry

Mining and Construction

Cleans heavy machinery and equipment effectively, reducing downtime and improving efficiency.

Automotive Workshops

Removes oil and grease from engine parts, floors, and tools, creating a cleaner, safer workspace.

Industrial Manufacturing

Maintains equipment cleanliness, ensuring operational excellence and product quality.

Transportation and Logistics

Keeps fleet vehicles free from grease and grime, enhancing their appearance and functionality.

Commercial Cleaning

Ideal for tackling tough industrial cleaning jobs in warehouses, factories, and commercial facilities.

Usage Instructions

Heavy Cleaning

1. **Dilution: 1:5** (Mix 1 part Sure Power degreaser with 5 parts water)
2. **Application:** Ideal for tackling tough grease and grime on machinery, vehicles, and heavily soiled surfaces.

Regular Cleaning

1. **Dilution: 1:10** (Mix 1 part Sure Power degreaser with 10 parts water)
2. **Application:** Perfect for maintaining cleanliness on surfaces with moderate dirt or grease buildup.

Interior Surfaces

1. **Dilution: 1:20** (Mix 1 part Sure Power degreaser with 20 parts water)
2. **Application:** Gentle enough for cleaning interior surfaces while still removing grease and dirt effectively.

General Cleaning

1. **Dilution: 1:50** (Mix 1 part Sure Power degreaser with 50 parts water)
2. **Application:** Suitable for light maintenance and general-purpose cleaning tasks.

Maximize cleaning efficiency with Sure Power by tailoring the solution to meet specific cleaning needs. Adjust the dilution ratio based on the level of soiling for optimal results.

Technical Data

- **Appearance:** Orange/Red, slightly viscous clear liquid
- **pH (neat):** 8 - 10
- **Odour:** None
- **Flammable Limits:** Not flammable
